MEMORANDUM FOR: Chief, Logistics Services Division/OL

ATTENTION : Telephone Branch

SUBJECT : Telephones - Room 6E47

1. Confirming our telephone conversation of 20 August, it is requested that your office arrange for telephone service in the secure area within 6E47 by 24 August 1964. This space will be temporarily occupied by members of the Systems Analysis Staff.

2. The service should provide for two black lines and five instruments if at all possible. If it will facilitate matters for the installation you may make use of the existing holes for these purposes although you may wish to drill new holes in anticipation of the DD/S&T Registry move to the sixth floor which we expect will transpire shortly. Either alternative is acceptable to us.
